Csörgö, S.; Stacho, L.

A step toward an asymptotic expansion for the Cramer-von Mises statistic.
(English)

Analytic function methods in probability theory, Debrecen 1977, Colloq. Math. Soc. Janos Bolyai 21, 53-65 (1980).

Keywords: asymptotic expansion; Cramer-von Mises statistic; ball-simplex- intersection volume; rate of convergence; recursive formula; exact distribution

Classification:
   ∗62E20 Asymptotic distribution theory in statistics
   62G10 Nonparametric hypothesis testing
   51M25 Length, area and volume (geometry)
   60F05 Weak limit theorems
