Stacho, L.L.

On fixed points of holomorphic automorphisms. (English)

Ann. Mat. Pura Appl., IV. Ser. 128, 207-225 (1981).

<http://dx.doi.org/10.1007/BF01789474>

<http://link.springer.de/link/service/journals/10231/>

Keywords : group of all biholomorphic automorphisms of the open unit ball of complex Banach space; existence of fixed points; hyper-Stonian space; Stone-Cech compactification

Classification :

- *47H10 Fixed point theorems for nonlinear operators on topol.linear spaces
- 32M05 Automorphism groups of complex spaces
- 46G20 Infinite dimensional holomorphy
- 54D35 Compactifications
